PREFACE

WITH the design of maintaining the utility and efficiency of **LOVELL'S MONTREAL DIRECTORY**, and of adapting its size and bulk to the convenience of those consulting it, the Publishers continue the printing of the Alphabetical portion in a small but clear type, giving greater prominence than hitherto, by the use of a bold Gothic letter, to the names of Advertisers.

In presenting to the public this issue of the Directory, the publishers trust that the feature above referred to meets with general approval, as it enables them more satisfactorily to adapt the book to the demands of our ever increasing population.

It need hardly be said that the same labor and effort to secure accuracy which the Publishers have always put forth have not been withheld in the preparation of the present edition. It has to be taken into account that the whole of the work—compilation, printing and binding—is done within a period of seven weeks, so that some allowance should be made for any errors found in the book.

Some idea of the labor involved in the compilation of the work, and of the difficulties in the way of securing the accuracy of information at which we aim, may be drawn from the fact that in this year's issue, in the City proper, 16,243 new names have been added, 11,940 names taken out, and 10,252 alterations made in other names. This shows an increase as compared with last year of 4303 new names, which includes the Village of St. Gabriel, deducting its population of about 6000, we have an actual addition of 9000 to our population during the year.

As usual, the book is divided into four parts, viz; (1) The Advertisers' Classified Directory; (2) The Street Directory; (3) The Alphabetical Directory; (4) The Miscellaneous Information.

This book is respectfully dedicated to its generous patrons—**THE PUBLIC.**

MONTREAL, June 21, 1888.
